## **A Workshop taught by our own Dee Batayte**

**Class Name: Fabric Collage Vest**

**Dates/Time: Aug 22, 2009 10:00am to 4:00pm**

Description: Students will design their own unique fabric collage vest. Muslin will be used as the base for the vest. The student will then design the background of the vest with their choice of fabrics. Using drapery and chair upholstery fabric of flowers and leaves, the student will then place these pieces on their background. Once the student is pleased with their design, they will then glue the pieces down so that machine quilting the collage fabric will be easier. The class will focus on creating an original design for each student. If time allows, the students may begin machine sewing the flowers and leaves on their vests.

Level of Difficulty: All levels; just have a desire to "create a unique vest".

Samples of vests, and other fabric collage items will be shown and discussed.
